WHERE ART MEETS TECHNOLOGY

WHEN IT COMES TO FIXED PROSTHETICS, WE TAKE PRIDE IN
ONLY OFFERING THE BEST

About Us.

- At Visage Dental Studio, our goal for excellence is achieved through high quality craftsmanship, continuing education and open lines of communication between our technicians and your staff.
- Each dental restoration is hand-crafted by trained technicians who take pride in their work.
- Our attention to detail and commitment to quality are what set us apart, leaving our First Impression a lasting Impression.

Digital & Non Digital.

- We are compatible with all leading digital scanners, ensuring a smooth and efficient workflow.
- Our ongoing investment in the very latest in digital technology enables us to accurately deliver all types of restorations with increased accuracy, faster turnarounds and ultra-reliable quality.
- CAD/CAM combines the latest laser scanning technology with powerful, intelligent software, increasing productivity and consistently improving communications with our clients.
- All our metal is nickel free and beryllium free. (Inform if patient is allergic.)
- Contact us, as we can help offer some exciting deals.

Our Services

- We provide the ultimate in aesthetics & function. Our team of the most highly skilled and experienced technicians undertakes the highest quality materials & latest techniques.
- Call us for free post address label.
